## Objective

---

Looking for career opportunities that will aid me in both my professional and personal development, all the while utilizing my existing skillset and honing a new one through continuous learning.

## ABOUT ME

---

My three primary interests and passions are Computer Science, Mathematics and Robotics and I believe that there is a creative fusion between all these disciplines. I engage wholeheartedly in these areas both in my school courses and out of school and hope that I will be able to continue doing so on my chosen course and in the extra-curricular opportunities at university.
